

## Elmos Semiconductor SE ESG KPIs

Section: Environment  
 Chapter: Water  
 KPI: Water balance  
 Coverage: Headquarters in Dortmund (Germany) incl. production site<sup>1</sup>  
 Supported UN SDGs:

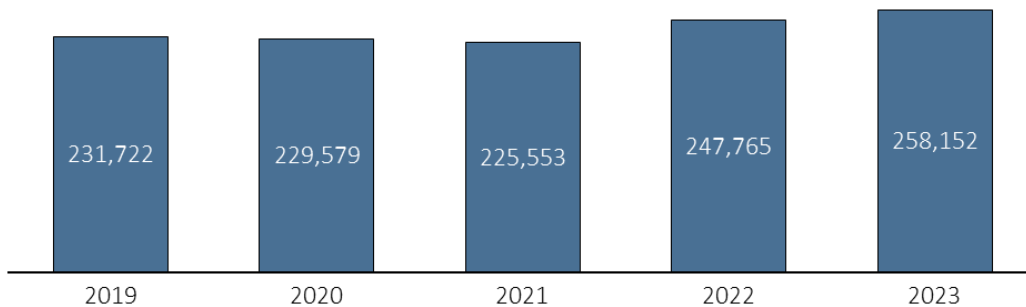

Addressed GRI standards: 303

### Water withdrawal<sup>2</sup> (m<sup>3</sup>)

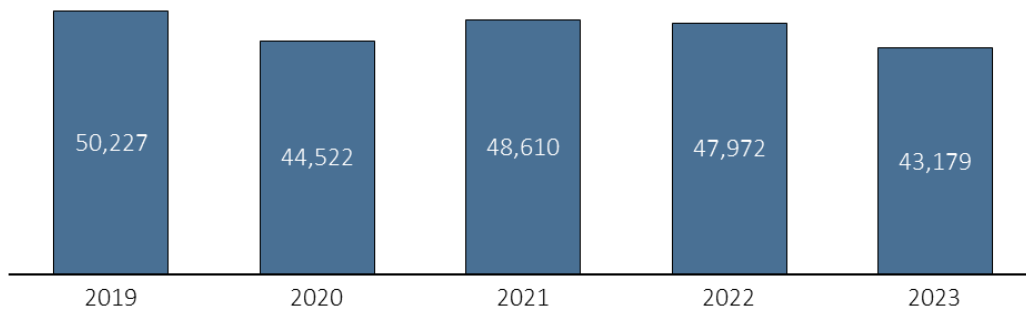

### Waste water (m<sup>3</sup>)

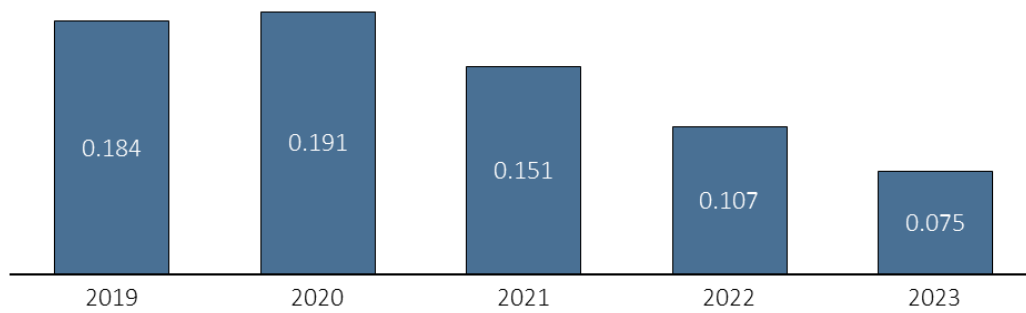

<sup>1</sup> This is the only own production site (incl. wafer fab) of the Elmos Group worldwide.

<sup>2</sup> Amount of water purchased through a local water utility.

Water use<sup>3</sup> (m<sup>3</sup>)

Water use per Euro sales<sup>4,5</sup> (ml/EUR)

<b>ESG policies</b>	Environmental protection and management Water management
<b>Certificates</b>	Environmental Management Certificate ISO 14001:2015
<b>Accompanying documents</b>	Elmos Occupational Health and Safety, Environmental Protection, and Energy Policy (German only)

<sup>3</sup> Amount of water evaporated via RKW (recooling plants, cooling towers) and RLT (ventilation systems, air conditioning systems).

<sup>4</sup> Group sales of semiconductor segment.

<sup>5</sup> Sales growth mainly realized through external foundries.
