Addressed GRI standards:	203, 413

Donations for charitable purposes¹ (EUR)

Since the year 2017 Elmos Semiconductor SE has supported the Elmos Foundation with an annual donation in the amount of 40,000 Euro. In 2023, this amount was increased by 25% to 50,000 Euro.

The Elmos Foundation finances charitable causes in three areas: projects to promote and support education and science, local activities at Elmos Group locations, and initiatives to combat global poverty.

Elmos Semiconductor SE also made a generous donation in kind for research purposes in 2023 by donating a test machine worth around 60,000 Euro to the University of Technology Chemnitz.

Further information can be found in the Elmos ESG policy “Community involvement”. For a more detailed insight into the Foundation's work, the brochure “Gemeinsam Zukunft gestalten!” (in German only) is available at www.elmos-stiftung.de.
